FieldDay : Sea Collection

FieldDay was born in 2002 when Alix, a girl from County Down was inspired to capture and bottle the scents of the Irish countryside. Their home fragrance collections pay homage to the wildflowers and flora found in the great outdoors. The essence of FieldDay is relaxing and refreshing. Picture a breezy day at the shore with waves splashing on the rocks. FieldDays' Sea fragrance is fresh and exhilarating with citrus notes of lemon and bergamot.
From concept to development, we worked together researching earth-friendly innovations in terms of formula and packaging; resulting in a collection that haspositive environmental impacts. With eco-conscious travellers in mind,su tainability and awareness of our planet being a necessity rather than an option.

Sustainability at Bunzl Rafferty is at the core of everything we do.

"Our goal is to drive a sustainable change, through innovation and collaboration; giving our business and customers the opportunity to make planet-friendly choices."
